

Hyperbaric Safety Director Training Course

Course Description

This 3½ day program provides necessary tools and resources to fulfill the responsibilities of the hyperbaric safety director (as defined by NFPA 99). The curriculum includes classroom instruction and practical exercises.

Objective

Upon completion of the course participants should have tools and decision making skills to implement a hyperbaric safety program. *Completion of this course does not constitute certification or credentialing.*

Who Should Attend

This course is appropriate for hyperbaric technologists, respiratory therapists, nurses, physicians, and department managers.

Tuition

\$495 per person

Accommodations

Participants are responsible for their own travel, food, and lodging. A block of rooms is reserved at the Drury Plaza Hotel San Antonio Riverwalk at a special rate of \$109.99 (plus 16.75% hotel tax) per night for a single room (\$10.00 per each additional person). Reservations received after the Cut-Off-Date will be provided on a space-available basis at the prevailing rate.

Location

Hyperbaric Safety Director Training Course is held at the Drury Plaza Hotel located on the Riverwalk in historic downtown San Antonio.

Topics

- Principles of Risk Management
- Conducting a Risk Assessment
- Role of the Hyperbaric Safety Director
- Role of the Hyperbaric Medical Director
- Fire Chemistry
- Equipment Risks
- Maintenance
- Training
- Safety of Medical Gases
- Operational Decompression Procedures
- Safety Elements of Performance Improvement
- Understanding the Regulatory Environment
- What's in the Codes and Why
- Review of Hyperbaric Mishaps
- Monoplace Department Survey
- Multiplace Department Survey

Inspection, Maintenance, and Documentation of Hyperbaric Chamber Acrylics

Course Description

This 6-hour program addresses the care of acrylic windows on clinical hyperbaric chambers. The curriculum includes inspection and documentation of acrylics including types of acrylic damage and what constitutes excessive damage. There is a competency exam and a skills laboratory on inspection and polishing of acrylic.

Objective

Upon completion of this activity participants should be able to apply techniques for protection, maintenance, inspection, minor repairs, and appropriate documentation of chamber acrylics.

Who Should Attend

This course is appropriate for anyone who operates and/or maintains a hyperbaric chamber.

Tuition

\$150 per person

Accommodations

Participants are responsible for their own travel, food, and lodging. A block of rooms is reserved at the Drury Plaza Hotel San Antonio Riverwalk at a special rate of \$109.99 (plus 16.75% hotel tax) per night for a single room (\$10.00 per each additional person). Reservations received after the Cut-Off-Date will be provided on a space-available basis at the prevailing rate.

Location

Hyperbaric Chamber Acrylics Course is held at the Drury Plaza Hotel located on the Riverwalk in historic downtown San Antonio.

Excerpts from the ASME PVHO-2 Standard

Section 4.3

Window User's Responsibility

"The user is responsible to retain all documentation for each window and shall establish a program of periodic window inspections"

Section 7.6.1

Training of Inspectors

"Training of inspectors is the responsibility of the user, or the third party inspection organization acting on behalf of the user. A formal training program should be used in the training of inspection personnel."
