# Hyperbaric Medicine Team Training

An Introductory Course in Hyperbaric Medicine

## Course Description

This 4½ day program focuses on a team approach to patient care in a hyperbaric medicine facility. Academics include currently accepted standards for the safe application of hyperbaric oxygen therapy. The comprehensive curriculum is presented by a faculty of experts. Participants will see both monoplace and multiplace facilities. The program also offers an opportunity to experience pressurization inside a hyperbaric chamber.

## Objective

Upon completion of the course, participants should understand the physical and physiological principles of hyperbaric oxygen, mechanisms of action, potential risks and complications, and equipment and staff safety issues. *Completion of this course does not constitute certification or credentialing.*

## Who Should Attend

Physicians, nurses, respiratory therapists, and technicians. Class limited to first 48 persons who register. Program Director reserves the right to refuse admission to any individual applicant and also reserves the right to deny a certificate of completion to any participant not attending the entire course.

## Tuition

\$975 per person

## Accommodations

Participants are responsible for their own travel, food, and lodging. A block of rooms is reserved at the Drury Plaza Hotel San Antonio Riverwalk at a special rate of \$112.99 (plus 16.75% hotel tax) per night for a single room (\$10.00 per each additional person). Reservations received after the Cut-Off-Date will be provided on a space-available basis at the prevailing rate.

## Location

Hyperbaric Medicine Team Training is held at the Nix Medical Center located on the Riverwalk in historic downtown San Antonio and is also walking distance from the Drury Plaza Hotel.
